Guarantee:

Desert Horizon Aussies guarantees this puppy to be free of Major Diseases (Parvo, Corona, Rabies, Distemper) for a period of 24 hours from the date of sale stated on this pet record. We also require that you take your new puppy to your Veterinarian within the first 72 hours of receiving him or her. Said puppy is healthy and in sound condition when they leave our care and have had a thorough health check with our Veterinarian.

Buyer is responsible to have a licensed Veterinarian administer the rest of the vaccination series following vaccinations that have been given by breeder. **If the buyer fails to have the vet check within 72 hours or fails to continue vaccinations as stated above, parties agree this guarantee is considered null and void.**

Desert Horizon Aussies also guarantees this puppy to be free of genetic defects until the puppy reaches one year of age excluding MDR1. If this puppy is found to have a genetic defect it will be replaced with another puppy of same color & same sex from the first compatible available litter (No money will be refunded). Buyer is responsible for the shipping cost of the replacement puppy. **We are not responsible for any vet bills, no exceptions. It is the buyer's responsibility to keep the puppy from unhealthy environments until it has had the full vaccination regimen.**

This health guarantee does not cover any parasite, internal or external, as this is a treatable condition.

Buyer will receive a copy of the vaccination schedule and record with the puppy or prior to puppy arriving to buyer. **Also this guarantee shall become null and void if the puppy is given any vaccinations or medications other than what is specified on the medical record received with the puppy. All vaccinations must be given in accordance to our medical record schedule given with the puppy.**

Because of the variety and quality of dog food available (and all canine illness are NOT covered by vaccination), we recommend that all puppies be kept on "NuVet Plus Canine". This nutritional supplement is only available thru breeder recommendation. The order phone number is 1-800-474-7044. Your order code is: 39735. We work hard to provide you with a healthy happy puppy it is your responsibility to keep them that way for a long healthy life.

If your puppy displays any indication of poor health within the first 24 hours Desert Horizon Aussies must be contacted and the puppy must be brought back here or taken to our Veterinarian for any necessary treatment. Puppies that go out of state must go to a licensed Veterinarian and signed documentation must be sent to Desert Horizon Aussies immediately, failure to do so will cause this guarantee to become null and void.

Keep in mind that the transition to a new home, travel, new food, etc... can cause a puppy to display symptoms of a change in stool due to stress. We have included a sample of our puppy food, please use this food to transition your puppy to the food you will be feeding over the course of a week, you should gradually add the food you will feed until you have completed the transition. Do not change food all at once, or your puppy will have discomfort and loose stool.

A deposit of \$400 will be required to hold a puppy. Please note that any deposits or money sent is non-refundable. By making a payment you are agreeing to our contract with all its terms and conditions. If you decide to switch your deposit to another puppy, there will be an additional charge of \$250 as we have had prospective buyers for the puppy that, due to having been on hold for you, has been unavailable to anyone else.

Please make sure you are ready for the responsibility of a new puppy in your home and that your living quarters are suited to a puppy. We will not refund any money on a puppy that you decide you do not have time for or that your home/ living quarters do not accommodate.

We ship puppies out of Las Vegas McCarran International Airport with Delta Airlines. We schedule the flights, and will let you know the airport, flight number, date, and time of departure and arrival.

We highly recommend that you do not take your puppy to public places until all vaccinations are given/complete by 16 weeks of age to protect the health of your puppy. Taking your puppy to public places or letting a lot of people handle them can void your health guarantee.
